

# PRIMARY ANTIBODIES

**Bethyl Laboratories' purpose is to improve lives by supporting scientific discovery. This drives our complete dedication to the highest standards of product and service quality.**

Bethyl is unique in our end-to-end control of the entire antibody lifecycle. From our veterinary facilities to the development, production and validation labs, the Bethyl team focuses on delivering quality products. This attention to quality at every step and the integration across each stage of the process means scientists can rely on Bethyl antibodies.

We also offer expert technical support to help ensure your success.

Recognizing that your research and time are valuable, we promise to stand behind our products. Should one of our antibodies fail to give satisfactory results when used in the species, application and under the same conditions stated on its datasheet, Bethyl will offer a full product replacement, credit or refund at the investigator's discretion. Before providing product replacement, credit or refund, we ask the investigator to complete an application specific questionnaire and work with our Technical Service team to identify potential steps to optimize conditions.

**Every Bethyl product ships with a 100% guarantee; choose Bethyl antibodies with confidence.**

#### **ALPHABETICAL LISTING OF PRODUCTS**

Primary Antibodies.....	2-101
Epitope Tag Antibodies.....	101-104

#### **ABBREVIATIONS**

##### **Applications:**

ChIP:	Chromatin Immunoprecipitation
ChIP-chip:	ChIP-on-chip
ChIP-PCR:	ChIP-Polymerase Chain Reaction
ChIP-Seq:	ChIP-Sequencing
F:	Flow cytometry
ICC:	Immunocytochemistry
IF:	Immunofluorescence
IHC-P:	Immunohistochemistry-Paraffin
IP:	Immunoprecipitation
PLA:	Proximity Ligation Assay
WB:	Western blot
